Upcoming DLC event: Yearly Update on Verticals

The Distribution Law Center is pleased to invite you to our yearly online update on verticals.

In a 2-hour online lunch session, we will give you our key take aways for 2023-2024.

The past year has been a productive one, both at the EU and national level, and this year's session will include a practical Q&A on topics such as:

- Resale price maintenance, with EU and national cases in Super Bock, Le Creuset and Samsung.
- Territorial and customer restrictions, with the Commission's hefty fine on Mondelez.
- Online sales and advertising restrictions, with EU and national cases in Booking.com, Rolex and Caudalie.
- Information exchange in (dual) distribution relations.

Some questions which contributors of the Distribution Law Center discussed with the 'verticals' case team of DG COMP will also be addressed.

Event Details:

? Date: 10 October 2024

? Time: 12:00 - 14:00 CET

? Platform: Microsoft Teams

? Free event
